

**Cummins Fire Power Start-Up Dealer  
Fire Pump Start-up Inspection (S.U.I.)  
Allowance Program**

The Start-Up Inspection (S.U.I.) program is as follows:

The dealer will be paid a negotiated fee for one authorized S.U.I. for each new product installation.

The allowance may be claimed only by the authorized Cummins Start-Up Dealer.

The allowance will be paid upon the submission of the Cummins Fire Power Start-Up Inspection Checklist directly to Cummins Npower LLC. Payment will be forwarded to the Start-Up Dealer.

The allowance is paid only on a Checklist that is complete and recognition that the installation is complete and has met Cummins requirements

The Checklist must be signed by a representative of the dealer

The Checklist must be submitted within 60 days of the actual Start-Up date to be eligible for payment

There is no provision to provide re-imbusement for travel time or expenses or additional visits to complete the Start-Up

The Cummins Fire Power Start-Up Inspection Checklist can be mailed or faxed
